GAI 2017

Global Alternative Investment Insights 2017

Global Alternative Investment Insights (GAI) 2017 offers you a unique and valuable opportunity to share your knowledge and expertise with institutional investors and to build sustainable relationships with industry peers, clients, and prospects.

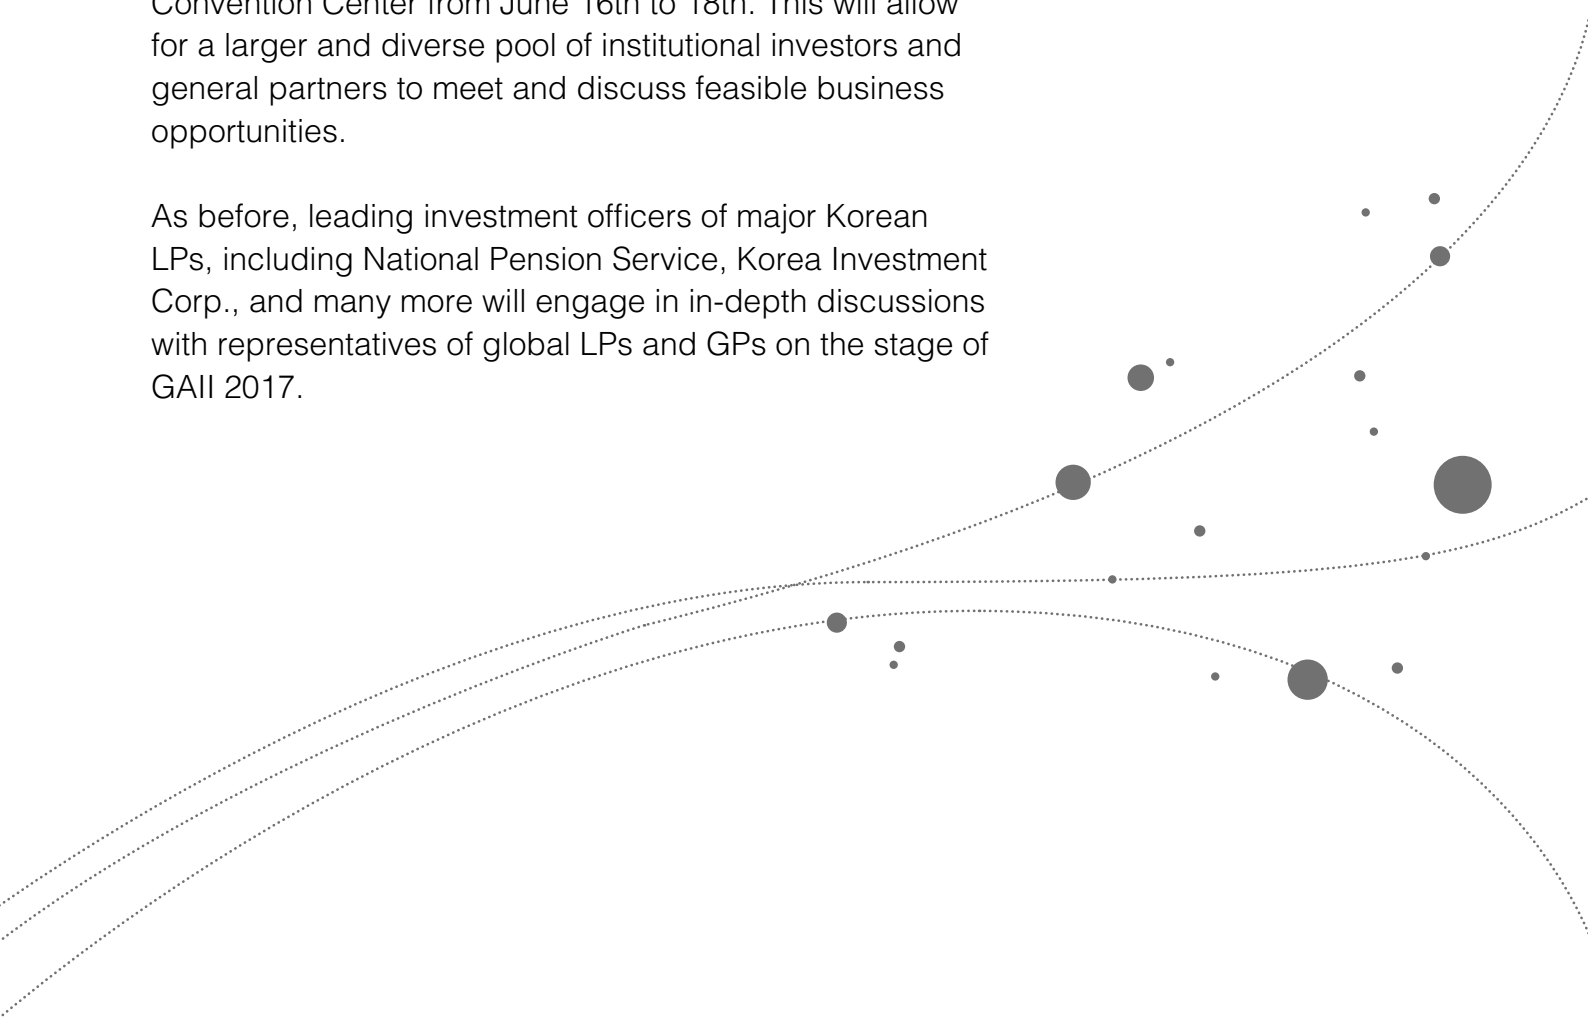

Following hugely successful annual conferences since 2014, we are pleased to announce that GAI 2017 will be held on Sunday, June 18th, 2017 at The Shilla Jeju.

COMPREHENSIVE AUDIENCE

Since 2014, GAI has proven to be the most comprehensive and respected alternative investment event in Korea, with more than 500 delegates from institutional investors and general partners from Korea as well as around the world gathered together on the same floor.

Especially this year, GAI 2017 will be held immediately after the annual meeting of the Asian Infrastructure Investment Bank (AIIB) held at Jeju International Convention Center from June 16th to 18th. This will allow for a larger and diverse pool of institutional investors and general partners to meet and discuss feasible business opportunities.

As before, leading investment officers of major Korean LPs, including National Pension Service, Korea Investment Corp., and many more will engage in in-depth discussions with representatives of global LPs and GPs on the stage of GAI 2017.

DESIGN YOUR OWN MARKETING CAMPAIGN

GAI 2017 Partners are entitled to various sponsoring opportunities throughout the conference program for branding, marketing and networking. We are more than happy to customize these services to meet your firm's specific interests and target audience. Especially this year, our program is strategically designed to encourage sharing of knowledge and information, and to develop dialogue between invited speakers and participants/ audience. GAI Partners are highly encouraged to stand as a session speaker and lead a panel discussion on the relevant subject. We are open to discuss the session agendas with prospective Partners, and a selection of the panelist group that will include at least two representatives from LPs.

Alongside the conference program, a series of group investor sessions are scheduled. These invitation-only sessions will enable up-close and personal approach to better comprehend Korean LPs and build sustainable relationships going forward.

About European Chamber of Commerce in Korea (ECCK)

The European Chamber of Commerce in Korea (ECCK) is the pre-eminent association of European companies conducting business in or related to Korea. Representing the common voice of the European business community in Korea, the ECCK aims to function as the platform for information exchange, effective communication channel to the Korean authorities and organizer of networking opportunities for European businesses. The ECCK is a non-profit and non-political organization.

Alternative Investment Committee (AIC) of the European Chamber of Commerce in Korea (ECCK) is the leading representative body for foreign real estate/infrastructure/private equity companies conducting business in Korea. AIC's major activities include introducing potential business partners, organizing workshops, conferences, and networking functions for investment professionals, and providing information on local regulations and requirements and market trends.
